P. E. Charraud,
Commission and Forwarding Merchant
WAREHOUSE, MAIN CANAL.

THE subscriber having been appointed Agent of the most extensive and responsible lines on the Erie Canal and Lakes as well as on this canal, has now prepared to contract for freight, though, either to or from New York, at the published rates. Shippers may rest assured that goods will not be detained at any point on the route, as his arrangements are such, as to secure despatch. He has also made arrangements for the delivery of merchandise at any point on the river or at St. Louis.

He would respectfully invite persons having property to ship to call and see him for making other arrangements.

P. E. CHARRAUD.
